

COSMO

Model description

The base Cosmo comes with a 4-cylinder diesel engine with 170 HP / 125 kW. This tried-and-true engine allows for a comfortable and reliable driving experience. A more powerful 190 HP / 140 kW version of this engine is available as optional equipment.

Of course, we also offer a variety of optional equipment outside the standard equipment of our base models. The optional equipment ranges from four-wheel drive and driver assistance systems to LED headlights.

The Cosmo also comes with a special suspension that includes enhanced stabilizers and shock absorbers, which further increases your safety while driving.

Base equipment:

- 170 HP / 125 kW engine (optional 190 HP / 140 kW)
- 6-gear manual transmission (optionally 9-gear automatic)
- Mercedes-Benz Pro-Line incl. air conditioning, MBUX 10,25", rear view camera, cruise control
- Remote controlled central locking system, Keyless-Start
- ESP, ABS and ASR
- Headlight- and cross wind assistant
- Driver and passenger airbags
- Armrests for driver's cabin seats
- Adjustable multifunction steering wheel
- Electrically adjustable windows
- Electrically adjustable, heated exterior mirrors

Seating area

The cleverly designed seating area allows for a comfortable amount of space for each passenger.

- Two rotating Mercedes-Benz comfort seats in the driver's cabin
- Bench with two seats
- Storage area under the bench
- Movable and optionally foldable table
- Newspaper rack (integrated into the side of the seating area)
- Flexible bottle holder
- Window in seating area: 70 x 50 cm
- Window in sliding door: 90 x 55 cm

Interior Room Concept

In order to make the compact base vehicle feel more spacious on the inside, we opted to design the interior furniture with a wide walkway, a bright and friendly living space as well as excellent ventilation. A large skylight as standard equipment is the natural choice for that.

The skylight, as well as all the windows, are insulated and come with integrated fly net and blind.

Large, liftable bed in the vehicle's roof

The Cosmo comes equipped with a large liftable bed in the roof of the vehicle. Thanks to the hinge installed in the front, the bed can easily be raised and lowered using gas pressure dampeners. Pillows and other bed coverings can easily be stored on the bed even when raised.

The seating area below the bed can still be used, even when the bed is lowered.

- Bed length: ca. 210 cm
- Bed width: ca. 150 cm
- Space above the mattress: ca. 70 cm
- High quality MDI-foam mattress 10 cm
- Reading lights and USB-Outlets
- Storage pockets and Labos-rails
- Sideways windows on each side of the bed: 70 x 30 cm

Kitchen with a lot of storage space

- Two-flame gas cooker with efficient electric ignition
- Window size: 90 x 55 cm
- Stainless steel sink with covering
- Kitchen cupboard with multiple drawers
- Storage space and spice rack above workspace
- Labos rails
- Trash bag
- Soft close

Furniture made to your liking

Because our vehicles are built by hand, we can make many individual adjustments to each vehicle. For example, we can install a bed liftable with gas pressure dampeners in the rear area.

- Bed length: ca. 192 cm
- High quality MDI-foam mattress 10 cm
- (optional sideways window: 70 x 30 cm)
- Bed width: ca. 75 cm
- Storage pockets, reading lights

Furthermore, it is possible to install up two bunk beds in the rear area. The beds have an open space above each of them of around 50 cm and can be removed from the vehicle.

All of our furniture is made of 15mm poplar plywood with a high quality HPL front. Both the ceiling and the walls use a microfiber cloth covering. We use solid wood edges for all our furniture. It is also possible to order the table in the seating area in a foldable, solid wood variant. Solid wood frames are also available for all the windows.

- Several furniture decors and flooring options
- Solid wood edges available in multiple wood types
- Very robust and durable
- More than 20 upholstery options
- Insulation 20 mm (X-Trem-Insulator)

Highly accessible and handy storage space

The Cosmo offers about 2.000 l of storage space in the rear.

This space can be used for additional beds or as a garage for bicycles or other large sized luggage.

The storage space can be accessed from both the rear and the inside of the car, depending on your needs.

Wet Room

The cleverly designed wet room allows for plenty of space in every situation.

- Sink made of stainless steel (painted white)
- Special, high gloss wall covering
- Cassette toilet made by Truma
- Shower with a shower curtain
- Extra space for shampoo bottles etc.
- Labos rail
- Sideways window 50x30 cm

Technology and equipment

- Heater boiler combination Truma Combi Diesel 4
- Truma frost protector for the heater/boiler combination
- Truma MonoControl with crash sensor and filter
- Gas system with two 11 kg gas bottles
- Water pump for pressurized water system
- Interior fresh water tank ca. 146 l
- Wastewater tank below the vehicle ca. 100 l
- Compressor fridge ca. 110 l
- Exterior LED lighting "Raintec", remote controlled

Environment

- EURO VI
- SCR-Catalyst
- Green badge
- Particle filter

Electronics

- Gel battery 235 Ah, suitable for solar
- Multiple 230 V-, 12 V- and USB power plugs
- External 230 V plug with a 30 A electronic charger
- Charge booster 45 A and solar system 350 W
- 12 V system with several LED lights
- Indirect and direct lighting

Measurements

- Exterior length 5.93 m
- Height 2.82 m
- Width 2.03 m
- Wheelbase 3,665 mm
- Base weight about 3,050 kg
- Gross vehicle weight 3,500 kg (optionally 4,100 kg)

Version 05/2025

Building customer oriented caravans since 1985.

Ever since the founding of our family business, all the members of the CS-Team work on further improving our already high standard of quality

Because of this, we were able to create new standards in the compact caravanning class

We construct each CS caravan with a high degree of flexibility and can fit the interior to your needs.

Feel free to visit us for an in-depth discussion regarding our vehicles and make use of our experience.
