

Duo INDEPENDENT

Model description

The Duo Independent is delivered with a 4-cylinder diesel engine with 190 HP / 140 kW, allowing a comfortable and reliable driving experience in any situation.

The standard, permanent four-wheel drive as well as increased space below the vehicle allow for a high degree of independence and flexibility even in off-road conditions.

Of course we also offer a variety of optional equipment ranging from trailer hitches and a variety of driving assistant systems to LED-headlights and a 360° parking camera.

Base equipment:

- 190 HP / 140 kW engine
- 9-gear automatic
- Permanent four-wheel-drive
- Mercedes-Benz Pro-Line incl. air conditioning, MBUX 10,25", rear view camera, cruise control
- Remote controlled central locking system, Keyless-Start
- ESP, ABS and ASR
- Headlight- and cross wind assistant
- Driver and passenger airbags
- Armrests for driver's cabin seats
- Adjustable multifunction steering wheel
- Electrically adjustable windows
- Electrically adjustable, heated exterior mirrors
- Diesel powered heating / hot water
- Solarsystem with two 100 W Solarpanels

Seating area

The cleverly designed seating area allows for a comfortable amount of space for each passenger

- Two rotating Mercedes-Benz comfort seats in the driver's cabin
- Standard single seat or optional bench
- Movable and optionally foldable table
- Newspaper rack (integrated in the side of the seating area)
- Flexible bottle holder
- Window front left: 70 x 50 cm
- Window front right: 90 x 55 cm
- Overhead locker above drivers cabin
- Overhead locker above seating area

Interior room concept

In order to make the compact base vehicle feel more spacious on the inside, we opted to design the interior furniture with a wide walkway, a bright and friendly living space as well as excellent ventilation. A large skylight as standard equipment is the natural choice for that.

The skylight, as well as all the windows, are insulated and come with integrated fly nets and blinds.

Kitchen area with a lot of storage space

- Two-flame gas cooker with efficient electric ignition
- Stainless steel sink with covering
- Kitchen cupboard with multiple drawers
- Storage space and spice rack above workspace
- Soft close
- Labos rails
- Trash bag
- Window size: 90 x 55 cm

Wet room

The proven wet room installed in each Duo Independent allows for plenty of space in every situation.

- Special, high gloss wall covering
- Stainless steel sink (painted white)
- Movable Cassette toilet made by Truma
- Mini-Heki in the ceiling
- Shower with a shower curtain
- Extra space for shampoo bottles etc.
- Labos rail
- Makeup mirror

Furniture made to your liking

Because our vehicles are built by hand, we have full control over the interior design of the vehicle. This allows us, for example, to split up the overhead locker above the driver's cabin into two smaller lockers, allowing for more headspace in the driver's cabin. All of our furniture is made of 15 mm poplar plywood with a high quality HPL front. Both the ceiling and the walls use a microfiber cloth covering. We use solid wood edges for all our furniture. It is also possible to order the table in the seating area in a solid wood, foldable variant. Solid wood frames are also available for all the windows.

- Several furniture decors and flooring options
- More than 20 upholstery options
- Solid wood edges available in multiple wood types
- Insulation 20 mm (X-Trem-Insulator)
- Very robust and durable

Comfortable lengthways beds on the medium wheelbase

The highlight of the Duo Independent are the two bunk beds in the rear, allowing for more space for the other furniture. Additionally, each of the beds can easily be tilted up using the gas pressure dampeners, giving them a variety of uses.

- The lower bed can be used as an additional sofa during the day
- With both beds tilted up, the space below them can be used as a large storage area
- The large storage area allows even bikes to be stored inside the vehicle

- Lower bed width: ca. 80 cm
- Bed length: ca. 195 cm
- Upper bed width: ca. 78 cm
- Beds come with high quality, 10 cm thick MDI-foam mattresses
- Storage pouch, LED reading lights and USB power outlets
- Sideways windows for each bed measure: 70 x 30 cm

Highly accessible and versatile Storage area

The rear storage area can be accessed from the rear of the vehicle as well as the inside, via the tilted beds.

Technik

- Heater boiler combination Truma Combi Diesel 4 incl. Altitude Kit
- Truma frost protector for the heater boiler combination
- Truma MonoControl with Crash sensor
- Gas system with a 2,8 kg gas bottle
- Water pump for pressurized water system
- Interior fresh water tank ca. 100 l
- Wastewater tank below the vehicle ca. 90 l
- Compressor fridge ca. 90 l
- Exterior LED lighting "Raintec", remote controlled

Environment

- EURO VI
- SCR-Catalyst
- Green badge
- Particle filter

Electronics

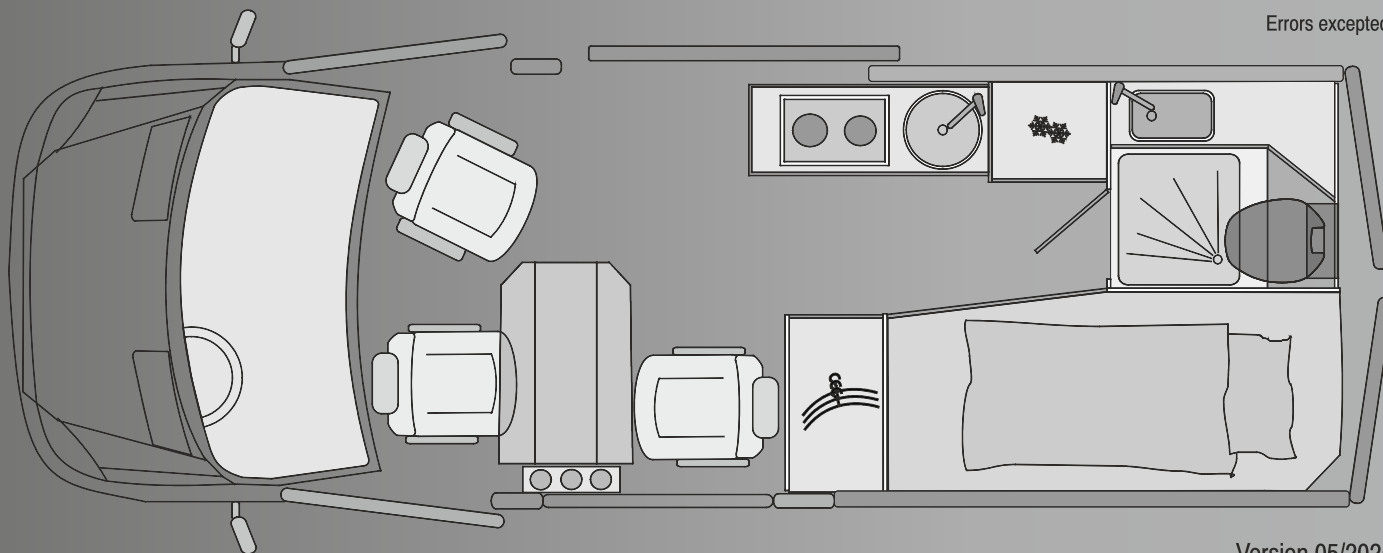

- Gel battery 235 Ah
- Multiple 230 V-, 12 V- and USB power plugs
- External 230 V plug with a 30 A electronic charger
- Charge booster 45 A and solar system 350 W
- 12 V system with several LED lights
- Indirect lighting

Measurements

- Exterior length 5,93 m
- Height 2,82 m
- Width 2,00 m
- Wheelbase 3,665 mm
- Base weight ca. 3,048 kg
- Gross vehicle weight 3,500 kg (optionally 4,100 kg)

Version 05/2025

Building customer oriented caravans since 1985.

Ever since the founding of our family business, all the members of the CS-Team work on further improving our already high standard of quality

Because of this, we were able to create new standards in the compact caravanning class

We construct each CS caravan with a high degree of flexibility and can fit the interior to your needs.

Feel free to visit us for an in-depth discussion regarding our vehicles and make use of our experience.
