

# Duo

## Model description

The base Duo comes with a 4-cylinder diesel engine with 170 HP / 125 kW. This tried-and-true engine allows for a comfortable and reliable driving experience. Alternatively, if you require a bit more power, it is also possible to order a 190 PS / 140 kW diesel engine. The now standard MBUX system allows for entertainment on board as well as a safe travel with its integrated navigation.

Of course, we also offer a variety of optional equipment outside the standard equipment of our base models. The optional equipment ranges from four-wheel-drive through LED-headlights to multimedia systems.

The Duo also comes with a special suspension that includes enhanced stabilizers and shock absorbers, which further increases your safety while driving

## Base equipment:

- 170 HP / 125 kW engine (optionally 190 HP / 140 kW)
- 6-gear manual transmission (optionally 9-gear automatic)
- ESP, ABS and ASR
- Driving light- and side wind assistant
- Driver and passenger airbags
- Armrests in driver cabin seats
- Electrically adjustable windows
- Enhanced suspension variant
- Remote controlled central locking system, Keyless-Start
- Electrically adjustable, heated exterior mirrors
- MBUX 7" including navigation
- Adjustable multifunction steering wheel

## Seating area

The cleverly designed seating area allows for a comfortable amount of space for each passenger

- Two rotating Mercedes-Benz comfort seats in the driver's cabin
- Standard single seat or optional bench
- Movable and optionally foldable table
- Newspaper rack
- Flexible bottle holder (integrated in the side of the seating area)
- Window front left: 70 x 50 cm
- Window front right: 90 x 55 cm
- Overhead locker above drivers cabin
- Overhead locker above seating area

## Interior Room Concept

In order to make the compact base vehicle feel more spacious on the inside, we opted to design the interior furniture with a wide walkway, a bright and friendly living space as well as excellent ventilation. A large skylight as standard equipment is the natural choice for that.

The skylight, as well as all the windows, are insulated and come with integrated fly nets and blinds.

## Kitchen area with a lot of storage space

- Two-flame gas cooker with efficient electric ignition
- Stainless steel sink with covering
- Kitchen cupboard with multiple drawers
- Storage space and spice rack above workspace
- Soft close
- Trash bag
- Window size: 90 x 55 cm

### Wet Room

The proven wet room installed in each Duo allows for plenty of space in every situation.

- Sink made of stainless steel (painted white)
- Special, high gloss wall covering
- Movable Cassette toilet made by Truma
- Seitz Mini-Heki in the ceiling
- Shower with a shower curtain
- Extra space for shampoo bottles etc.
- Labos rail
- Makeup mirror

### Furniture made to your liking

Because our vehicles are built by hand, we have full control over the interior design of the vehicle. This allows us, for example, to split up the overhead locker above the driver's cabin into two smaller lockers, allowing for more headspace in the driver's cabin. All of our furniture is made of 15mm poplar plywood with a high quality HPL front. Both the ceiling and the walls use a microfiber cloth covering. We use solid wood edges for all our furniture. It is also possible to order the table in the seating area in a foldable, solid wood variant. Solid wood frames are also available for all the windows.

- Several furniture decors and flooring options
- More than 20 upholstery options
- Solid wood edges available in multiple wood types
- Solid wood fronts are also available
- Insulation 20 mm (X-Trem-Insulator)
- Very robust and durable

### Comfortable lengthways beds on the medium wheelbase

The highlight of the Duo are the two beds in the rear, arranged as bunk beds, allowing the vehicle to remain compact. Each of the beds can easily be tilted up using the gas pressure dampeners, giving them a variety of uses.

- The lower bed can be used as an additional sofa during the day
- With both beds tilted up, the space below them can be used as a large storage area
- The large storage area allows even bikes to be stored inside the vehicle

- Bed length: ca. 195 cm
- Upper bed width: ca. 78 cm
- Beds come with high quality, 10 cm thick MDI-foam mattresses
- Storage pouch, LED reading lights and USB power outlets
- Sideways windows for each bed measure: 70 x 30 cm
- Lower bed width: ca. 80 cm

### Highly accessible and versatile Storage area

The rear storage area can be accessed from the rear of the vehicle as well as the inside, via the tilted beds.

## Technology and equipment

- Heater boiler combination Truma Combi 4 (alternatively Truma Combi Diesel 6)
- Truma frost protector for the heater boiler combination
- Truma MonoControl with Crash sensor
- Gas system with a 5kg and a 11 kg gas bottle
- Water pressure system with a Shurflo water pump
- Interior fresh water tank 100 l
- Wastewater tank below the vehicle 90 l
- Compressor fridge 90 l
- Exterior LED lighting "Raintec", remote controlled

## Environment

- EURO VI
- SCR-Catalyst
- Green Sticker
- Particle filter

## Electronics

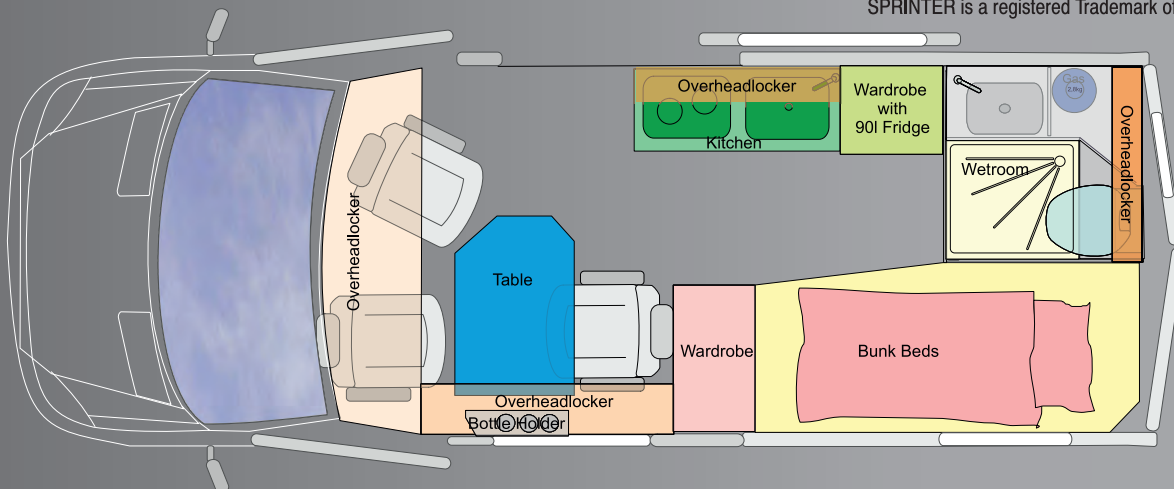

- Gel battery 235 Ah
- Multiple 230 V-, 12 V- and USB power plugs
- External 230 V plug with a 30 A electronic charger
- Charge booster 45 A and solar computer 350 W
- 12 V system with several LED lights
- Indirect lighting

## Measurements

- Exterior length 5.93 m
- Height 2.70 m
- Width 2.00 m
- Wheelbase 3,665 mm
- Base weight ca. 2.841 kg
- Gross vehicle weight 3,500 kg (optionally 4,100 kg)

## Building customer oriented caravans since 1985.

Ever since the founding of our family business, all the members of the CS-Team work on further improving our already high standard of quality

Because of this, we were able to create new standards in the compact caravanning class

We construct each CS caravan with a high degree of flexibility and can fit the interior to your needs.

Feel free to visit us for an in-depth discussion regarding our vehicles and make use of our experience.
