

INDEPENDENT

Model description

The Independent is delivered with a 4-cylinder diesel engine with 190 HP / 140 kW, allowing a comfortable and reliable driving experience in any situation.

The standard, permanent all-wheel drive as well as increased space below the vehicle allow for a high degree of independence and flexibility even in off-road conditions.

Of course we also offer a variety of optional equipment ranging from trailer hitches and a variety of driving assistant systems to LED-headlights and a 360° parking camera.

Base equipment:

- 190 HP / 140 kW engine
- 9-gear automatic
- Permanent all-wheel-drive
- Mercedes-Benz Pro-Line incl. air conditioning, MBUX 10,25", rear view camera, cruise control
- Remote controlled central locking system, Keyless-Start
- ESP, ABS and ASR
- Headlight- and cross wind assistant
- Driver and passenger airbags
- Armrests for driver's cabin seats
- Adjustable multifunction steering wheel
- Electrically adjustable windows
- Electrically adjustable, heated exterior mirrors
- Diesel powered heating / hot water
- Solarsystem with two 80 W Solarpanels

Seating area

The cleverly designed seating area allows for a comfortable amount of space for each passenger.

- Two rotating Mercedes-Benz comfort seats in driver's cabin
- Two person bench as standard equipment
- Movable and optionally foldable table
- Newspaper rack (integrated into the side of the seating area)
- Flexible bottle holder
- Window front left: 70 x 50 cm
- Window front right: 90 x 55 cm
- Overhead locker above driver's cabin
- Overhead locker above seating area
- Storage space below the bench

Interior design concept

In order to make the compact base vehicle feel more spacious on the inside, we opted to design the interior furniture with a wide walkway, a bright and friendly living space as well as excellent ventilation. A large skylight as standard equipment is the natural choice for that.

The skylight, as well as all the windows, is insulated and comes with integrated fly net and blind. It is also possible to order additional skylights and windows as optional equipment.

Home-like bed on the medium wheelbase

The generously sized rear bed in the Independent is a staple of our repertoire and highly regarded by our customers. The Independent bed can be realized thanks to two small enlargement parts installed on each side of the vehicle.

- Bed length: 195 cm (optional up to 200 cm)
- Bed width: up to 142 cm
- Bed height: ca. 90 cm
- Bed comes with high quality, 10 cm thick MDI-foam mattresses
- LED reading lights and USB power outlets
- Several overhead lockers above the bed
- Storage pouch and Labos rail
- Large storage area below the bed
- Sideways window: 70 x 30 cm
- (optional window in the rear door: 50 x 30 cm)
- (optional skylight: 70 x 50 cm)

The front-most overhead locker can be ordered with an integrated TV. The TV can be viewed from both, the bed as well as the front seats, thanks to a flexible fixation

Kitchen area with a lot of storage space

- Two-flame gas cooker with efficient electric ignition
- Stainless steel sink with covering
- Kitchen cupboard with multiple drawers
- Storage space and board above workspace
- Soft close
- Window size: 90 x 55 cm
- Labos rails
- Trash bag

Furniture made to your liking

Because our vehicles are built by hand, we have full control over the interior design of the vehicle. This allows us, for example, to move the fridge from below the bed into the wardrobe, creating further storage space below the bed. Alternatively we can split up the overhead locker above the driver's cabin into two smaller lockers, allowing for more headspace in the driver's cabin. All of our furniture is made of 15mm poplar plywood with a high quality HPL front. Both the ceiling and the walls use a microfiber cloth covering. We use solid wood edges for all our furniture. It is also possible to order the table in the seating area in a solid wood, foldable variant. Solid wood frames are also available for all windows.

- Several furniture decors and flooring options
- More than 20 upholstery options
- Solid wood edges available in multiple wood types
- Insulation 20 mm (X-Trem-Insulator)
- Very robust and durable

Wet room

The proven wet room installed in each Independent allows for plenty of space in every situation.

- Drawer-sink made of stainless steel
- Special high gloss wall covering
- Cassette toilet made by Truma
- Mini-Heki in the ceiling
- Shower with a shower curtain
- Extra space for shampoo bottles etc.
- Labos rail
- Makeup mirror

Large rear storage space

The Independent has a large amount of storage space below the rear bed. Next to the gas bottles and the heating, this 1,000 liter storage space can hold plenty of baggage and camping equipment.

Technology and equipment

- Heater boiler combination Truma Combi Diesel 4 incl. Altitude Kit
- Truma frost protector for the heater/boiler combination
- Truma MonoControl with crash sensor and filter
- Gas system with two 2,8 kg gas bottles
- Water pump for pressurized water system
- Interior fresh water tank 100 l
- Wastewater tank below the vehicle 90 l
- Airline rails
- Compressor fridge 70/90 l
- Exterior LED lighting "Raintec", remote controlled

Environment

- EURO VI
- SCR-Catalyst
- Green badge
- Particle filter

Electronics

- Gel battery 2400 Wh, suitable for solar
- Multiple 230 V-, 12 V- and USB power plugs
- External 230 V plug with a 30 A electronic charger
- Charge booster 45 A and solar system 160 W
- 12 V system with several LED lights
- Indirect and direct lighting

Measurements

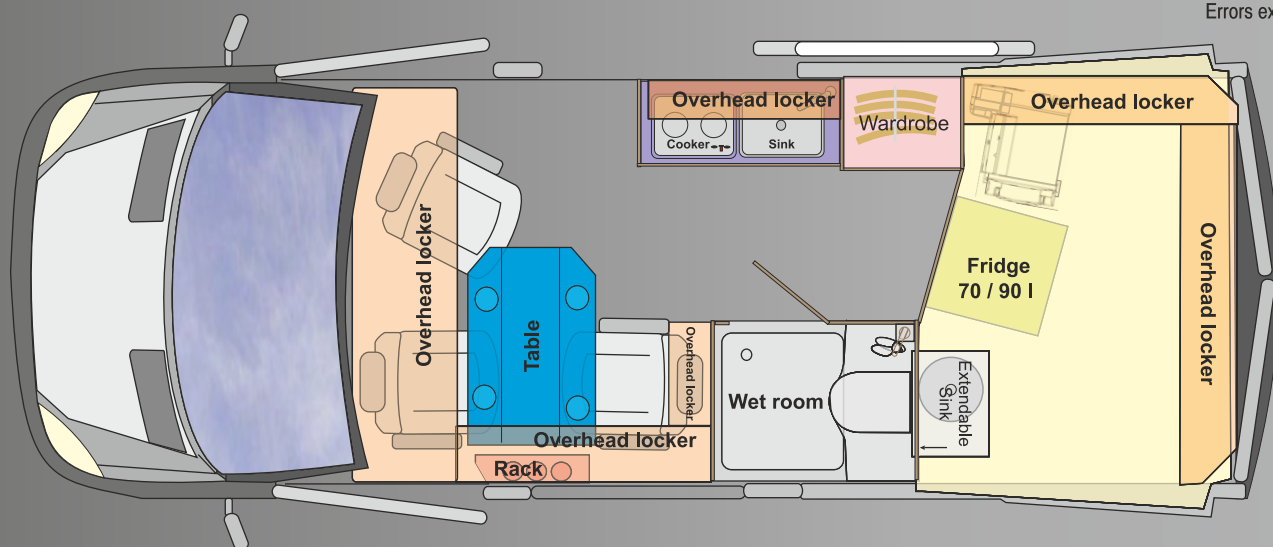

- Exterior length 5.93 m
- Height 2.82 m
- Width 2.03 m
- Wheelbase 3,665 mm
- Base weight about 3,055 kg
- Gross vehicle weight 3,500 kg (optionally 4,100 kg)
